

TLS EMEA Marketing Week 2.0

Quick Setup Guide

Virtual Backgrounds in Microsoft Teams · Custom Icons in Slack

01.07. – 10.07.2026

PART 1 · MICROSOFT TEAMS

How to change your virtual background

Use the TLS EMEA Marketing Week backgrounds to show your team spirit in every meeting.

- 1 Join or start a meeting**
Open Microsoft Teams and join any meeting — or start a new one. You can also change your background before you join by clicking the settings icon on the pre-join screen.
- 2 Open background settings**
Once in the meeting, click the three dots (⋮) in the meeting toolbar at the top of the screen, then select "Apply background effects" from the menu.
- 3 Upload a custom background**
In the panel that opens on the right, scroll down and click "Add new". A file picker will open — navigate to the Marketing Week background image you downloaded from the Box folder and select it.
- 4 Select and apply**
Your uploaded image will now appear in the list. Click on it to select it, then click "Apply" at the bottom of the panel. Your background will change immediately.

Tip: Background images are saved and will reappear in your list for future meetings — no need to re-upload each time. You can find all Marketing Week backgrounds in the shared Box folder.

PART 2 · SLACK

How to set a custom status icon

Upload one of the TLS EMEA Marketing Week icons to use as your Slack status during the week.

1 Download the icon

Head to the shared Box folder and download the Slack icon you want to use. Save it somewhere easy to find on your computer (e.g. your Desktop).

2 Open your status

In Slack, click on your profile picture in the bottom-left corner, then click on "Update your status".

3 Open the emoji picker and add the icon

In the status field, click on the emoji icon (smiley face) on the left. In the emoji picker that opens, click "Add Emoji" in the bottom-left corner. Upload the icon file you downloaded and save it.

4 Select the emoji and save your status

Your new icon will now appear in the emoji picker. Select it, add a status text if you like — for example "TLS EMEA Marketing Week 2.0" — then click "Save".

Tip: Custom emojis are added to the entire workspace, so once you upload it, everyone in the channel can use it too! Your status is visible next to your name throughout Slack — a great way to show Marketing Week spirit all week long.

All materials available at tlsemeamarketingweek.com and in the shared IBM Box folder.
